

## Coloana 1 fata, fixare plafon fals 2.8m, ELN

DAK802800ELN

### Configuratie

Executie	unilateral
----------	------------

### Compatibilitate

Format posibilitate de montare a echipamentului	Ecoline blocare frontala
---	--------------------------

### Materiale

Culoare	Aluminiu
Material	Aluminiu
Material	aluminiu
Suprafata	anodizat/eloxat

### Dimensiuni

Adâncime	65 mm
Înaltime de montaj	2760 mm
Forma stâlpii	rectangular
Latime	98 mm

### Montare

Tip de fixare	fixat cu cleme
---------------	----------------

### Cablu

Diametru de libera trecere/interior	5400 mm <sup>2</sup>
-------------------------------------	----------------------

### Echipament

Numarul peretilor despartitori ficsi	1
--------------------------------------	---

### Standarde

Conform directivelor europene RoHS	conformitate voluntara
------------------------------------	------------------------

### Protectie

Fara halogen	da
