

WS257N

#### Arhitectura

|               |                                   |
|---------------|-----------------------------------|
| Tip           | TV+FM+SAT                         |
| Tip de montaj | Aparent/Îngropat/partial îngropat |

#### Conectivitate

|                 |              |
|-----------------|--------------|
| Latime de banda | 4 - 2400 MHz |
|-----------------|--------------|

#### Capacitate

|                 |   |
|-----------------|---|
| Numar module WA | 2 |
|-----------------|---|

#### Materiale

|          |                   |
|----------|-------------------|
| Culoare  | negru             |
| Culoare  | RAL 9005 - negru  |
| Material | Policarbonat (PC) |

#### Dimensiuni

|                            |          |
|----------------------------|----------|
| Dimensiuni (Lxlxi)         | 45x45x25 |
| Latime produsului instalat | 45 mm    |

#### Montare

|               |        |
|---------------|--------|
| Tip de montaj | altele |
|---------------|--------|

#### Conexiune

|                  |   |
|------------------|---|
| Tip de conexiune | - |
|------------------|---|

#### Utilizare

|          |      |
|----------|------|
| Atenuare | 2 dB |
|----------|------|

#### Protectie

|  |      |
|--|------|
| Cod IK protectie impotriva impactelor mecanice | 06   |
| Putere impact                                  | IK06 |
